Shiraz 2016

A velvety, smooth and highly gluggable dry red.

Exotic spices and white pepper mix with bramble berries, dark plum and just hint of liquorice. Rich supple fruit characters continue on a restrained, elegant palate. Velvety smooth tannins finish off a highly gluggable red.

Vibrant but not too robust, 6Ft6 shiraz is a fruit forward, easy drinking style to be enjoyed while cooking, during the main meal and most certainly afterwards as well. A very accessible option that is a great idea for any dinner party. Not too heavy but full of flavour, this versatile shiraz can be matched with an array of dishes from lighter red meats to richer sauces and even a touch of spice.
